Overview of the IACFS/ME Conference - the premier international event for clinicians and researchers dedicated to CFS/ME and FM

Date: March 20-23, 2014

Place: Parc 55 Wyndham Hotel, Union Square, San Francisco, California.

Agenda: March 20th—Patient Meeting and Professional Workshops

March 21st- 23rd—Research and Clinical Conference (patients can attend for an additional fee)

3 hours of scheduled dedicated time for exhibit hall daily

On March 20, the meeting consists of workshops informing clinicians about diagnosis and treatment of CFS/ME/FM/ related co-morbidities and researchers about funding opportunities. Concurrently, educational talks for patients and caregivers are held. In the evening, a keynote speech by renowned author and physician Dr. Abraham Verghese will be followed by a reception.

March 21-23 will be occupied by a plenary lecture, oral presentations, cross-disciplinary panel discussions, and poster sessions. On the evening of March 22, a dinner banquet and awards ceremony are planned.

Attendees: Health professionals and researchers comprise about half the attendees at the conference with patients making up the other half. The 350-450 attendees come from all over the United States and from about 20 countries.

CME: The conference will be accredited for continuing medical, nursing and pharmacy education credits.

Why should you attend, exhibit at, or support the IACFS/ME Conference?

- Introduce your company/ products/ services not only to conference attendees but also program book purchasers and IACFS/ME website visitors .
- Reinforce brand loyalty and goodwill among patients and healthcare professionals who already use your products/ services.
- Learn about the latest CFS/ME and FM clinical practices and research findings from internationally renowned faculty. Learn about common associated conditions.
- Make contacts and build relationships with health professionals and patients that will last beyond the dates of the conference.
- Network with other companies interested in science, research, health and CFS.
- Demonstrate your commitment to solving two medical mysteries, ME/CFS and FM.

What is chronic fatigue syndrome/myalgic encephalomyelitis (CFS/ME)?

CFS/ME is a complex physical illness characterized by debilitating fatigue, post-exertional malaise, pain, cognitive problems, sleep dysfunction, and an array of other immune, neurological, and autonomic symptoms. People of both genders and all ages/ ethnicities can become sick for years to decades. Currently, it is estimated that at least 1 million Americans and many millions more worldwide are affected. Sufferers are often more functionally impaired than people with heart failure, multiple sclerosis, or the human immunodeficiency virus (HIV). Because the cause(s) of CFS/ME are not yet understood, there are no definitive diagnostic tests and no standardized effective treatments. Annually, CFS/ME drains \$18-\$24 billion from the US economy, due to both direct medical costs and indirect costs such as lost work productivity.

What is fibromyalgia (FM)?

Fibromyalgia is a complex chronic pain disorder that affects an estimated 10 million Americans. Symptoms include chronic widespread body pain, multiple tender points, fatigue, sleep disorders, poor cognition, GI problems, headaches, anxiety, depression and environmental sensitivities. Fibromyalgia can be very debilitating and interfere with the activities of daily living. Similar to ME/CFS the root cause(s) of FM is not well understood so treatments are primarily aimed at treating symptoms. Up to 70% of ME/CFS patients are also affected by FM.

What is the IACFS/ME?

Founded in 1990, the IACFS/ME is the largest international organization of scientists, clinicians and educators dedicated to the study, care and treatment of individuals with CFS/ME and fibromyalgia. Our mission is to promote, stimulate and coordinate the exchange of ideas related to these often disabling chronic medical conditions. In addition to organizing and participating in local, national, and international scientific conferences, we publish a peer-reviewed journal, disseminate a quarterly newsletter, issue timely position statements (such as our 2012 Primer for Clinical Practitioners), and advise various groups, including the United States government.

We are registered in the United States as a non-profit organization under section 501 (c) (3) of the Internal Revenue code of 1986. For more information on the IACFS/ME, visit www.iacfsme.org.

Fred Friedberg PhD is the current President of the IACFS/ME. Dr. Friedberg has been a psychologist in private practice for 24 years and is a member of Stony Brook University's Medical faculty. He is the journal founder and editor of *Fatigue: Biomedicine, Health and Behavior* and Chair of the Writing Committee for the IACFS/ME Clinical Practice Primer on Chronic Fatigue Syndrome for Health Care Practitioners (2012).

What has the IACFS/ME accomplished recently?

- Won \$25,000 from Chase Community Giving contest in December of 2011. Our organization was one of the top 100 nonprofits in the USA by public vote
- Released the **CFS/ME Primer for Clinical Practitioners** in June 2012. The Primer was recognized by the federal National Guideline Clearinghouse in January 2013.
- Launched a new scientific journal *Fatigue: Biomedicine, Health, and Behavior* sponsored by Routledge/Taylor and Francis in January 2013
- Appointed in April 2013 by the US Department of Health and Human Services as one of three non-profits in the country to serve as a non-voting members of the federal CFS advisory committee. The IACFS/ME as an organization and individual IACFS/ME members have advised the government on CFS-related matters for the last 2 decades.

How is Stanford Medical Center involved with Chronic Fatigue Syndrome (CFS) and IACFS/ME?

Stanford Medicine utilizes world renowned researchers and clinicians to seek answers to unsolved problems in human health and disease. Chronic fatigue syndrome is one mystery that Dr. Jose Montoya and his team are working hard to solve. For more information on Stanford's involvement with chronic fatigue syndrome, visit the [Stanford ME/CFS Initiative website](#).

Dr. Montoya is the Director of the National Reference Laboratory for the Study and Diagnosis of Toxoplasmosis. His clinical focus includes infectious disease, toxoplasmosis, infection in the setting of solid organ transplantation, and infection as a trigger of chronic disease and chronic fatigue syndrome. He has published several papers on infections and their association with Chronic Fatigue Syndrome. See [this link](#) for more information.

Dr. Montoya and Stanford Medicine are happy to co-host the 11th IACFS/ME International Clinical and Research Conference “Translating Science into Clinical Care”.

CONFERENCE SUPPORTER OPPORTUNITIES BY BUDGET

We have meeting supporter opportunities to suit every budget. Opportunities have also been designed to fit seamlessly into the meeting and to allow supporters to choose an opportunity that best aligns with their interests whether that is introducing a new product to our attendees, building bridges between patient advocacy groups, or getting to talk to ME/CFS leaders one-on-one. All supporters will be acknowledged in the conference program book as well as on IACFS/ME's website unless they wish to stay anonymous. Supporters of particular opportunities will receive benefits unique to that opportunity. Please refer to the page number following each opportunity for details. Also, if you want to honor a special clinician, researcher, family member, or friend, this is great venue to demonstrate your appreciation.

If there are other opportunities not listed here that you wish to explore with us, please contact **Lily Chu** at lilyxchu@gmail.com. IACFS/ME reserves the right to refuse the assistance of businesses, organizations, or individuals if we believe promotion in conjunction with this conference would contradict the mission of the organization.

- **\$11,000 to \$20,000**
 - OPENING RECEPTION WITH DR. ABRAHAM VERGHESE (page 8)
 - PATIENT DAY LUNCH (9)
 - CONTINENTAL BREAKFAST FOR ALL ATTENDEES (10)
 - PRESIDENT'S CIRCLE – SENIOR INVESTIGATOR (15)
- **\$6,000 to \$10,000**
 - PRESIDENT'S CIRCLE – ASSOCIATE INVESTIGATOR (15)
 - CLINICIAN DAY LUNCH (9)
 - AUDIO-VISUAL SERVICES HERO (11)
 - VOICES FROM THE SHADOWS FILM SCREENING (9)
- **\$3,000 to \$5,000**
 - ADVOCACY ROUND TABLE (9)
 - NEW/YOUNG CLINICIAN AND RESEARCHER NETWORKING LUNCH (10)
 - PRESIDENT'S CIRCLE – ASSISTANT INVESTIGATOR (15)
 - CLINICIAN DAY BREAKFAST (9)
 - COFFEE AND TEA BREAKS (10)
 - SPECIAL AWARDS SPONSORSHIP (11)
 - CHARGING STATION FOR MOBILE PHONES AND LAPTOPS (12)
 - VIRTUAL PATIENT DAY CONFERENCE (12)
- **Up to \$2,500**
 - PRESIDENT'S CIRCLE – FELLOW INVESTIGATOR (15)
 - PATIENT QUIET ROOM (10)
 - ATTENDEE TOTE BAG (12)
 - EXHIBIT TABLES (12)
 - NOTEPADS (12)
 - PEN/ STYLUS (13)
 - LANYARDS (13)
 - HOTEL KEYCARD (13)
 - SPECIAL MEMBERSHIP (11)
 - TOTE BAG PRODUCT SAMPLES (13)
 - PRE-CONFERENCE HANDOUTS WEBPAGE (14)
 - ANNOUNCEMENT - REGISTRATION CONFIRMATION (13)
 - CONFERENCE ABSTRACTS BOOK ANNOUNCEMENTS (14)
 - ANNOUNCEMENT "BEFORE YOU LEAVE" E-MAIL (13)
 - WATER BOTTLE (13)

CONFERENCE SUPPORTER OPPORTUNITIES

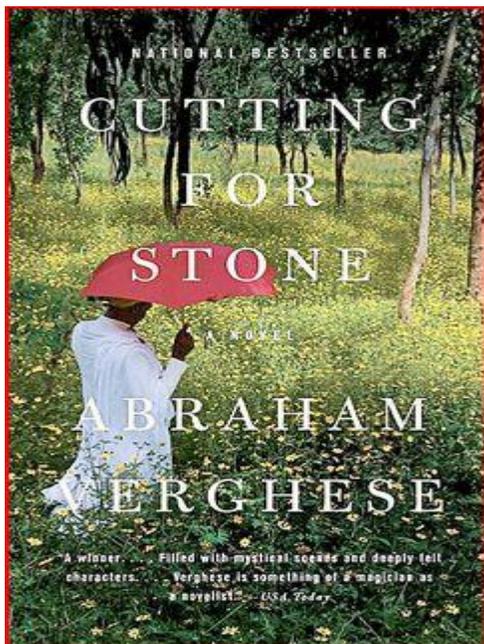

EDUCATIONAL GRANTS

Companies, and organizations interested in contributing funds for education purposes other than those listed below may contact Dr. Jeanette Dunn of the Foundation for Care Management at jdunn@fcmcm.org (206-274-5722) or our President, Dr. Fred Friedberg, at fred.friedberg@sbumed.org (631-632-8252).

MEETING EVENTS

OPENING RECEPTION WITH DR. ABRAHAM VERGHESE - \$20,000 – 1 Supporter

Dr. Abraham Vergheze, renowned physician and best-selling author of *My Own Country*, *The Tennis Partner*, and *Cutting for Stone*, will be our keynote speaker this year. The keynote speech will occur on the first evening of the conference, Thursday March 20. Following Dr. Vergheze's speech, a light evening reception will be held. We anticipate this event will draw a large audience including not only conference attendees but members of the media and local politicians. Your company name/logo will be featured on a welcome message at the reception, displayed on the lecture podium, and included in an announcement on the inside front page of the program book and your representative will also have the opportunity to introduce Dr. Vergheze if you wish. Your company will also receive 2 complimentary tickets to the 4-day Conference and 2 banquet tickets.

VOICES FROM THE SHADOWS FILM SCREENING - \$6,000 each - 2 Supporters

Voices from the Shadows is a 60-minute film by Josh Biggs and Natalie Boulton profiling the lives of four young ME/CFS sufferers from the United Kingdom. The film won the Audience Favorite International Documentary Award at the Mill Valley Film Festival in 2011. Bedridden and homebound ME/CFS patients are often rendered “invisible” but this film takes the public into their homes and bedrooms. The filmmakers have very generously donated the licensing rights for screening. Your support would cover audiovisual services/ light snacks and would be acknowledged in slides and a short introduction before the screening on March 21, the second night of the conference. Conference attendees who have not seen the movie previously and local university healthcare students will be invited to attend for free. We want as many healthcare professionals as possible to see this film. Your company will also receive 2 complimentary tickets to the 4-day Conference and 2 banquet tickets.

ADVOCACY ROUND TABLE - \$5,000 – 1 Supporter

There are a variety of different US and international ME/CFS and FM organizations involved in advocating for better clinical care, increased research funding, and improved public awareness of these often invisible illnesses. Yet organization leaders rarely have a chance to meet in person to get to discuss common goals/ obstacles and take concerted action. We hope to help remedy this by inviting 50 leaders from different US and international organizations for a moderated meet-and-greet and discussion. A goal of the meeting would be to formulate 3 actions that organizations can work on together over the next 1-2 years. Sponsor this event and encourage collaboration among longtime and emerging ME/CFS and FM leaders. Includes one complimentary 4-day conference ticket and 1 banquet ticket.

CLINICIAN DAY BREAKFAST - \$5,000 - 1 Supporter

Provide a continental breakfast for clinicians attending the Clinician Day March 20. We will have strategically placed signage acknowledging your contribution and you may also leave a flyer about your product or services near the breakfast area.

CLINICIAN DAY LUNCH – \$6,500 - 1 Supporter

Provide a boxed lunch for clinicians attending the Clinician Day March 20. We will announce your support to clinicians before lunch and we will also have strategically placed signage acknowledging your contribution. If you would prefer a more formal meal than a boxed lunch or a private room/ meal for your specific purposes where you may talk to clinicians more personally, please contact Lily Chu at lilyxchu@gmail.com.

PATIENT DAY LUNCH--\$13,000 - 1 Supporter

Provide a boxed lunch in the exhibition foyer for patients and their supporters during the Patient Day March 20. Your company representative can speak to patients briefly before handing out the lunches and we will also have strategically placed signage acknowledging your contribution. If you would prefer a more formal meal than a boxed lunch or a private room/

meal for your specific purposes where you may talk to patients more personally, please contact Lily Chu at lilyxchu@gmail.com about options.

DAILY CONTINENTAL BREAKFAST - \$11,000 each day - Up to 4 Supporters

Provide a continental breakfast in the exhibition foyer for all conference attendees any day from Thursday March 21 to Sunday March 23. We will have strategically placed signage acknowledging your contribution.

DESIGN YOUR OWN EVENT – Pricing varies depending upon event specifics

IACFS/ME's international scientific meetings are rare opportunities for ME/ CFS and FM leaders, clinicians, researchers, patients, and officials to gather together in one place. Save money, time, and effort by hosting your own event concurrent with the conference. Please contact Lily Chu at lilyxchu@gmail.com to discuss how we can help you take advantage of this unique setting.

COOKING DEMONSTRATION - Pricing varies depending on equipment/ set-up needed

If your company makes food products, a cooking demonstration may be an exciting way to introduce and show how to use your product to attendees. Please contact Tina Caskey at december78824@gmail.com about arrangements, and pricing if you are interested in this unusual opportunity.

COFFEE AND TEA BREAKS - \$3,000 each break – 7 breaks total – Up to 4 Supporters

Each day of the conference, there is a 15-minute morning break and a 30-minute afternoon break in the exhibit foyer. You may choose to provide one or more breaks. Signs acknowledging your company will be placed on the table. Your company may also supply paper cups and napkins with your name and logo.

PATIENT QUIET ROOM - \$2,000 – 1 Supporter

Show your understanding of ME/CFS/FM and dedication to patients by sponsoring a quiet room for them to rest during the conference. The room will have comfortable chairs, benches/ beds for lying down, and access to water. It is opened all 4 days during the hours that the conference is taking place and is a popular unique part of our conference. We will place signs outside and inside the room acknowledging your company. You may also leave one or two product samples or flyers related to your business in the room.

MENTORING AND AWARDS

NEW/YOUNG CLINICIAN AND RESEARCHER NETWORKING LUNCH - \$5,000 - 1 Supporter

We recognize that if progress is to be made in the science of ME/CFS/FM and if patients are to be appropriately cared for in the future, new or younger clinicians and investigators must be brought into this field. Often, clinicians and investigators are attracted to a field not only by the science but also by the people they meet. This event will allow our leaders to share their enthusiasm for their profession with the next generation and, by doing so, convince attendees

that a career taking care of or investigating ME/CFS/FM patients is a viable and rewarding option. Attendees to this event will be given a special nametag designating their status. Your company representative is welcomed to attend and introduce the event. One complimentary 4-day conference ticket, one banquet ticket, and a full page announcement on the inside back cover of the program book is also included with this opportunity.

SPECIAL AWARDS SUPPORT - \$3,000 - 5 Supporters

Show your appreciation for those who have worked or will be working to advance this field. Underwrite prestigious awards presented to students, trainees, junior/senior clinicians and researchers, and advocates during the Awards Ceremony following the Annual Banquet on the evening of March 22. These special honors are presented to emerging and longtime leaders in the field of ME/CFS and FM. As the supporter, the awards below will be “named” after your company for this conference and your company representative will attend the banquet and have the chance to introduce and present the winner with the award. Awards presented are the:

Rudy Perpich Awardee, Nelson Gantz Outstanding Clinician Award, Junior Investigator/ Clinician Award (2 Awards), Research Excellence Award Special Service Award, Special Service Award

SPECIAL MEMBERSHIP

SPECIAL MEMBERSHIP - \$250 - \$1,000 – Unlimited number

Did you know that anyone, not just clinicians and researchers, can become a member of IACFS/ME? Become a supporting member for 2 years by contributing any amount between \$250 - \$1,000. You will receive a 2-year subscription to our quarterly online journal *Fatigue: Biomedicine, Health, and Behavior* and our 3x/ year newsletter. Best of all, you can experience the satisfaction of knowing that your tax-deductible contribution will help promote appropriate care of patients and increased research into ME/CFS and FM.

Want to contribute more and receive even more benefits? Join the President’s Circle on page 16. Want to show the world your support of IACFS/ME and its mission with a special message on our website or in our program book? See page 15.

TECHNOLOGICAL OPPORTUNITIES

AUDIO-VISUAL SERVICES HERO -- \$6,000 -- 6 Supporters

Audio-visual services are essential to the operations of the conference and are our second most costly expense. Come to our rescue and become one of our six audio-visual service heroes. You

will receive one complimentary 4-day conference ticket, one banquet ticket, recognition during our evening banquet, and acknowledgement on the outside back cover of our program book.

CHARGING STATION FOR MOBILE PHONES AND LAPTOPS--\$3,000 - 1 Supporter

Supply a much-needed service for attendees during the busy days of the Conference while capturing their attention for your service or product. Sponsor a charging station for multiple types of electronic devices. Your company name, logo and/or product information will be prominently displayed on the video screen of the charging station while attendees wait for their device to finish charging.

VIRTUAL PATIENT DAY CONFERENCE - \$5,000 – 1 Supporter

IACFS/ME recognizes that many more patients want to attend the patient day than are able to because of health, financial, or other considerations. To permit as many patients to access our patient day talks as possible, we hope to capture the presentations on video, upload them online, and allow patients to view the talks from the comfort of their own home. Your support would defray expenses and allow us to offer access to the videos to an international audience at a lower cost. Your company would be acknowledged on the homepage for the videos.

EXHIBIT HALL SPACE:

EXHIBIT TABLES - \$1,500 – 12 Supporters

Your company has the opportunity to personally introduce and display your products/services. During each day of the Conference, there are 3 hours of unopposed dedicated exhibit hall time. The hall is located just outside of the ballroom and next to the scientific poster area to maximize attendee exposure. Each exhibitor will receive a) set-up of one 6-ft draped table, 2 chairs, and one wastebasket and b) storage of any exhibit-related materials during the Conference dates. Sign up soon as space is very limited.

PRODUCTS:

ATTENDEE TOTE BAG --\$2,000 - 1 Supporter

Every attendee will receive a tote bag at the conference check-in table. Your company name, logo and contact information will be printed on one side of the conference tote bag. The San Francisco Bay region and many other areas in the US have passed laws restricting use of plastic bags by markets and other stores. Consequently, conference attendees are more likely to use tote bags again for multiple purposes after the conference increasing exposure of your company or organization.

NOTEPAD--\$1,000 - 1 Supporter

Notepads and pens will be used regularly by attendees to take notes during the conference. Your company name, logo, and contact information will be printed on the notepad. These notepads will be placed in the Attendee Tote Bag and will be given to each attendee at the conference check in table. The notepad will be theirs to take home when the conference is over.

PEN/ STYLUS --\$1,500 - 1 Supporter

These will be placed in the Attendee Tote Bag. We will order unique combination pen/ styluses that attendees can use whether they are writing on a notepad or on their mobile devices. That way, the pen/ stylus is sure to be used, reminding attendees and their colleagues about your company regularly. Your company name, logo, and contact information will be printed on each pen/stylus.

WATER BOTTLE - \$ 1,500 - 1 Supporter Maximum

ME/CFS patients often have to drink fluids regularly to reduce the symptoms of orthostatic intolerance; reusable water bottles are also used regularly by many other people. Provide a PBA-free water bottle with your company name and logo and receive frequent exposure as attendees use it during and after the conference.

TOTE BAG PRODUCT SAMPLES--\$1,000 per product

Consumers today are faced with a multitude of choices every day; over 80% say they are more likely to try a product after they have sampled it. Your company provides one (or more) sample products, which will be included in every Attendee Tote Bag. Total number and type of product sample may be limited based on size of the tote bag and the number of supporters choosing this option so notify us as soon as possible if you desire this opportunity.

HOTEL KEY CARDS--\$1,500 – 1 Supporter

The majority of the attendees will stay in the conference hotel. Your company name/ logo will be imprinted on the front side of the key card guaranteeing exposure to all conference hotel guests. Four-color printing means that colorful images and logos from your company can be displayed to your specifications.

LANYARDS - \$1,250 – 1 Supporter

All conference attendees will be given and asked to wear their name badges attached to lanyards during the conference for identification and security purposes. Your company name and logo on the lanyard receives constant exposure during the meeting not only to other attendees but to other hotel guests and the general public as well.

ONLINE, PROGRAM/ ABSTRACT BOOK ANNOUNCEMENTS:

ANNOUNCEMENT IN REGISTRATION EMAIL-- \$750 - 1 Supporter

Every conference attendee receives an email confirmation upon completion of the online registration process. These emails serve as receipt and proof of registration. Attendees often print these confirmations and bring them to the meeting. Your company name, logo and other information will be prominently displayed at the bottom of the confirmation email.

ANNOUNCEMENT IN “BEFORE YOU LEAVE” EMAIL -- \$750 - 1 Supporter

Just before the conference, every attendee receives an email with crucial information to help their trip go smoothly. Your company name, logo and other information will be prominently displayed at the bottom of this email.

PRE-CONFERENCE HANDOUTS WEBPAGE ANNOUNCEMENT -- \$1,250 -- 1 Supporter

Conference presenters will be asked to upload onto a special webpage any handouts they would like attendees to have before the conference. We anticipate that this webpage will be visited multiple times by website visitors before, during, and after the conference. Your company name, logo and other information will be prominently displayed on this webpage.

CONFERENCE PROGRAM/ ABSTRACT BOOK ANNOUNCEMENTS— \$250-\$750 - Unlimited Supporters

Attendees will be referring to this every day of the Conference for events as well afterwards for abstracts of interest. In addition, downloadable copies of the book will be made available for those unable to attend the Conference allowing you to reach a larger national/ international audience. Order of announcements are determined by 1) space requested with full pages given priority 2) whether the supporter is involved with another opportunity, 3) when the supporter purchased the space with earlier supporters given priority.

We also plan to post announcements on our website to help you broadcast your support of IACFS/ME to an international online audience. For supporters with half or full page announcement, we will link to your designated website from our webpage of conference supporters

Position	Price
Outside front cover	To be determined
Inside front cover	Reception supporter
Inside back cover	Networking lunch supporter
Outside back cover	Audiovisual services supporters
Inside full page	\$750
Inside ½ page	\$500
Inside ¼ page	\$250

PRESIDENT'S CIRCLE

Help support IACFS/ME's mission by joining the President's Circle and reap benefits during the Conference and throughout the year and beyond! Receive an honorary Investigator title (since you're helping us solve the mysteries of ME/CFS and FM!), special Conference banquet seating, and other benefits.

Honorary Title	Fellow Investigator	Assistant Investigator	Associate Investigator	Senior Investigator
Donation Level	\$2,500	\$5,000	\$10,000	\$15,000
Acknowledgement on President's Circle page in program book and online	YES	YES	YES	YES
Number of evening banquet tickets	ONE	TWO	FOUR	FIVE
Evening banquet seating	Board member's table	Banquet speaker's table	Plenary speaker's table	Keynote speaker's table
Complimentary 4-day Conference ticket(s)	ONE	TWO	FOUR	FIVE
Online subscription to our peer-reviewed journal <i>Fatigue: Biomedicine, Health, and Behavior</i>	1 YEAR	1 YEAR	2 YEARS	3 YEARS
3 times a year Newsletter	1 YEAR	1 YEAR	2 YEARS	3 YEARS
Membership in IACFS/ME including membership discount for the next conference	YES	YES	YES	YES

If you do not need all the conference or banquet tickets for your donation level, please notify us and we will give them to a deserving professional or patient who would not be able to attend the conference or banquet otherwise.
